## Camp Descriptions

General Camp 1 - This camp is designed to introduce newer players to proper technique and concepts. It covers all skills but puts more of an emphasis on the basic skills of passing and serving, as well as playing. This camp is recommended for ages 8-12.

General Camp 2 - This camp will be an overview of all skills: passing, setting, hitting, defense, blocking and serving as well as team concepts. The camp will include individual skill demonstrations followed by drills to teach proper technique. There will also be individual skill games and multi-player games that result in daily prizes. There will also be a tournament on the last day of camp. This camp is for players with some experience and is recommended for ages 11-14.

High School Camps - This camp is designed to prepare campers for the Varsity level or to improve Varsity level athletes. All drills will be those that are used in the college setting. There is a lot of individual instruction as these numbers are usually smaller, but the camp is also run at a very fast pace. Junior Varsity, Varsity, or club ball experience is recommended.

## Staff

Thomas More head volleyball coach John Spinney will serve as the camp director. Coach Spinney returned to the Saints program just before the 2008 season after first coaching at Thomas More in 2001. He has also coached at the College of Mount St. Joseph in Ohio and Fairfield University in Connecticut. Coach Spinney is also the club director of Cincy Classics Volleyball Club. A highly competent staff will aid in all camp sessions. Other staff members will include current TMC players and prominent players/ coaches from the area. All staff members will have coaching and/or playing experience at the junior high, high school or college level. This staff will provide the best instruction available for any level of player. All campers will learn the fundamentals of individual and team play and older groups will learn more advanced techniques. Values that aid in success on and off the court will also be stressed.
