Tests at a Glance (TAAG)

Tests at a Glance include content outlines, sample questions in each content area with rationale for the best answers, and test-taking strategies. Printable versions can be downloaded from the links below.

Study Guides and Practice Tests

ETS created the **PRAXIS Study Guides** listed to assist you in preparing for the PRAXIS assessments that you will be taking. Each guide provides a combination of test preparation and practice, including:

- Key topics and exercises to guide your study
- Sample multiple-choice questions and answers with explanations
- Sample constructed-response questions with real responses from actual test-takers
- Test-taking strategies to maximize success.

Each **Practice Test Booklet** includes an authentic paper-based test that was given at an actual test administration. These booklets also include:

- The correct answers and content category for each question
- A score conversion table so you can convert your score to a scaled score and compare your scaled score with your state's passing score.
