			15

Total Credits: 120+

*ENG/CW majors may count ENG 250 as an elective that will count toward the major.

**All courses are repeatable if instructor/topic are differentiated; the only exception for this is the ENG250 which can only be taken once without department approval.

***Note that any CW course can count as the Fine Arts core requirements, and double as major course.

****Additional Foreign Language courses recommended for students considering graduate school.
