*Students will complete 12 credit hours during their senior year, which include MGT 620, MGT 621, MGT 630, and either ACC 604 or LAW 620. Following their senior year, students will continue in the summer, fall, and spring terms to complete the remaining MBA program requirements.

**Students may also elect to pursue an MBA concentration. Concentrations consist of an additional 9 credit hours.

***The MBA program includes five prerequisite areas that must be completed before progressing in the program. Students may meet these requirements through prior coursework or by completing the appropriate workshop before the related course. The prerequisite areas are accounting, finance, statistics, calculus, and economics.
