

BACHELOR OF ARTS

PHILOSOPHY

THOMAS MORE
UNIVERSITY

2020-2021 Sample Curriculum

This program is meant to lead the student into a process of reflection on issues that are raised throughout the core curriculum of the University and to encourage an understanding of the underpinnings of the intellectual tradition that has marked the development of Christian thought in the West. The primary goal of this program is to produce graduates who will be capable of approaching any activity in life in a reflective way. Since the program has this perspective it can serve as a worthwhile adjunct to the intellectual growth of students preparing for a professional career in any field. It would be especially helpful as a background for persons who intend to work in any social, political, legal or religious context.
